MERCHANTS' MEETING TO DISCUSS TAX ORDINANCE

Association's Committee to Hear Suggestions from All Business Men Regarding Proposed Law

A last call for those who may desire suggesting some change in the Merchants and Manufacturers' tax ordinance, is issued by the secretary, Mr. Clemens, who has arranged to meet the business men at his office, 403 Goodrich block, Monday morning at nine o'clock. The ordinance committee of the M. & M. association has completed its work on a city tax law, and has made one report to the city commission.

In order to let everyone have a chance to agree with the committee, or say how in his views differed, and suggest changes, the association sent out two hundred letters to men in all lines of business affected by the ordinance. It appears that many of these letters have either miscarried or been overlooked, so the association is giving its members another shot at the ordinance.

Hire a little salesman at The Republican office. A Want Ad will see more customers than you can.

BEER MADE AT HOME

Anyone Can Now Make Beer at Home For One Cent a Glass.

Cincinnati, O., Aug. 2.—By a new method of concentration a brewer of this city has discovered a process whereby real beer can now be furnished in a concentrated form. He furnishes the barley malt, hops and other necessary ingredients in a concentrated form so that by only the addition of water and a little sugar a sparkling foaming glass of beer can be quickly prepared. It is said that this beer is far superior to the Regular Brewery Beer and thousands are already making their own beer at home.

Mr. A. S. Shub of 435 Sycamore St., Cincinnati, O., has written a very interesting booklet giving full information about his process which he will mail with free trial offer to anyone sending him their name and address.

STENOGRAPHY CLASSES FOR EVENING STUDENTS

Mrs. E. C. Ketchum will shortly open a stenography school at 1728 West Monroe street, two blocks north of the capital where she will conduct evening classes in the art that is so much in demand in business circles now, and which has proven in the past, as it will in the future, one of the greatest stepping stones to success for both young men and young women.

Mrs. Ketchum expects to give her personal attention to the classes with the benefit to each student of her twenty-five years' experience. The classes will begin on September 1st, and they will be held three times each week.

Lodge Lore

Arizona Rebekah Lodge No. 1 On Tuesday evening about forty members of the Rebekah order went to Mesa to attend the installation of officers there. After participating in this, a social hour was enjoyed by all present. Refreshments were served after "speech-making." Phoenix lodge came back feeling better acquainted with their sister lodge than before.

Fraternal Brotherhood The Fraternal Brotherhood had a very interesting meeting last night and some very important topics were discussed for the betterment of the society. "For the Good of the Order" is the topmost and foremost endeavor of the new administration and with that end in view a membership campaign was started last night that will place Maricopa No. 43 on top of the list.

The campaign promises to be very interesting and some hustling will have to be done to capture the prizes. Two captains will be chosen by the lodge and they will pick their own sides. Wm. L. King, W. E. Sorenson and Lillian M. Miller were duly elected to become members of the society. The members are very enthusiastic over the future prospects and some lively work is expected.

COUNTY ATTORNEY WILL AGAIN BE CANDIDATE

Frank H. Lyman Will Enter Primaries for Nomination to Succeed Self

Frank H. Lyman, who has been county attorney for Maricopa county since Arizona became a state, and who before that time was assistant in the office while G. P. Bullard was county attorney, yesterday returned from his vacation spent on the Pacific Coast, and immediately filed his intention to become a candidate to succeed himself in the office. His nominating petitions will be filed during the coming week.

Since Mr. Lyman has been county attorney he has made an enviable record in the conduct of the office. His only opponent for the democratic nomination so far is Thomas P. Walton.

Mr. Lyman during his vacation visited Long Beach and San Diego, spending a very pleasant time. He was accompanied by Mrs. Lyman.

STOPPED DIVORCE SUIT

Danish Shipbuilder Murders Wife and Family

COPENHAGEN, Aug. 1.—A shipbuilder named Walbom, infuriated with his wife and family owing to the former's intention of obtaining a divorce, today killed his wife and his two daughters by cutting their throats. He afterward hanged himself.

The crime was carefully planned and a few days ago Walbom tried to strangle his two sons. They were, however, saved from death by the timely arrival of some friends. Fortunately they were away from home when their mother and sisters were killed.

PREPARED FOR THE WORST A young author whose disappointments were many, but whose head was bloody yet unbowed, inclosed the following lines with a manuscript to an editor who repeatedly refused his efforts: "Editor—Dear Sir: The inclosed MS. is submitted for your rejection. Yours very truly, —From the Woman's Home Companion.

GILA PROGRESSIVES (Continued from Page One)

bell and Morrison are in the city on the tour of the state and were present at the meeting. They have met with no success here.

At the conclusion of the meeting, Mr. Hill announced that a progressive league would be formed and many of the audience remained to enroll themselves. The progressive party here is in splendid shape.

MR. HEARD TELLS GILA PROGRESSIVES FLAG IS NAILED UP

"Our flag is nailed to the mast," Deight B. Heard, state leader of the progressive party told the progressive meeting tonight. Mr. Heard impressed upon his hearers the need of the progressive party in the nation and declared that under no consideration would any proposal for fusion with the republicans be considered. A full state ticket of progressives will be put in the field within a very

short time he declared, and from present indications there will be progressive tickets out in practically every county in Arizona before the primaries.

Mr. Heard was enthusiastically received by the Gila county progressives and renewed enthusiasm for the party cause resulted from the meeting.

"I am a progressive because I believe in the principles of the progressive party," said Mr. Heard. "I am absolutely opposed to any amalgamation or fusion with the republican party and will fight any movement to that end to the last ditch."

"The reason I am a progressive is that I watched the wretched manipulation of the 1912 republican convention to defeat the wishes of the people under the direction of reactionary machine bosses, headed by Barnes, Purrose, Henningsway, Stephenson and men of their type. "Again I am a progressive because in the election of 1912 the four million votes cast for the progressive party showed the need of its existence."

"An effort has been made for the amalgamation of the progressive and republican parties in every state in the union and in no state have the

overtures come from the progressives but always at the call of machine reactionaries who want to get back in power in every state such a fusion has been declined by the progressives.

"In the last six weeks there has been a tremendous revival of progressive strength from Maine to California. The progressives are in making a straight from the shoulder fight for the reason that they believe in the principles of industrial justice and human welfare upon which the progressive party was founded and are not tempted by the lure of office."

Mr. Heard then read messages of encouragement from the great progressive leaders including Col. Roosevelt, Beveridge, Pinchot, Bird and Johnson. Explaining that full county tickets have been put in the field or are about to be put in the field in Pima, Cochise, Pinal, Maricopa and Yavapai counties, Mr. Heard announced that early next week the personnel of a full state ticket will be made public.

"The progressive party being the first in the state and nation to declare for equal suffrage is showing its good faith here by placing women on the tickets for recorder and county

superintendent of schools." He said, "We have nailed our flag to the mast and without ill will to anyone we propose to continue our steadfast fight for the progressive cause."

Mr. Heard will depart for the White Mountains tomorrow morning. He was on his way to the fishing grounds when he was induced to stop over here and address a meeting of progressives. Upon the night of his arrival he was asked to address a republican meeting but declined, saying that he did not wish to involve himself in any way with any move which might be construed as putting him on record as favoring fusion.

WOLF KILLS CHILD IN STREET

BERLIN, Aug. 1.—A wolf which escaped from a menagerie at Munchengladbach, in Rhenish Prussia, attacked a three-year-old girl in the street and killed her. The child's father, who was with her, has gone mad. The wolf was shot.

Wife—Ta-ra, dearie. I shall write before the end of the week.
 Husband—Good gracious, Allee! You must make that check last longer than that.—London Opinion.

Tree Planters, Your Future Profits

will depend on the nursery stock you plant. Arizona certainly has a good future in horticulture and viticulture. But it will be necessary to plant the RIGHT VARIETIES, considering your climatic and your marketing conditions. We can help you in this matter if we may.

For twenty-seven years we have been propagating trees for California planters and know the business thoroughly. Our nursery plant at Fresno contains the largest stock of commercial varieties of trees and vines being grown in California.

Our newest nursery plant near Phoenix is doing nicely, and we expect to continue a permanent nursery plant here for our Arizona customers.

Arizona conditions are similar to parts of California. Do not make the mistake of planting the wrong varieties of nursery stock grown by far-away nurseries who know nothing of our western needs.

Our office and delivery yard will be open in Phoenix in the Fall.

Write for our catalog now, please, and let us know how much land you expect to improve and what varieties you have in mind.
